## Duckback Formula Guide

### Semi-Transparent Stain

SUPERDECK® Semi-Transparent Stain is a high solids, professional grade, wood finish developed to give superior protection and beautiful color to exterior wood. Superdeck Semi-Transparent Stains use the highest quality iron oxide pigments to inhibit damage caused by the sun, a tung and linseed oil system to provide superior protection, and a highly effective mildewcide to inhibit growth of mildew on the stain's surface. Superdeck Semi-Transparent Stains contain Carnauba for an extremely durable finish and a beautiful lustrous sheen with mar and scuff resistance.
