Showcases wood's natural color

Transparent

Adds a splash of color

Semi-Transparent

Amplifies wood grain with rich color

Solid

Covers wood grain with a paint-like finish

Choose your look and let's go.

- Be sure to clean your deck first with any commercial wood cleaner, following manufacturer's instructions.
- Let it dry thoroughly.
- Apply Duckback™ Water-Based Stain + Sealer — one coat only!
- Clean up with warm, soapy water.
- Let dry 24 hours before replacing furniture (or a little longer if it's humid).
- Enjoy!
